

## Week 15 & 16 – Long Overdue Scoring Update

---

Gott,

We have our first big break from the pack as this season long race heads into the dog days of summer. At the same time we had our first tri-champion event of the season as well in the well attended classic 2 weeks ago. Eduardo, Matt D and MG all bagged 8 huge points with net 69's at the Make. The win put Eduardo 12 points clear of the field (temporarily anyway) and left some of us wondering if he has just peaked too soon. We shall see. Although this is a big a lead as we have seen at this point of the season since Bruce's epic campaign a few years ago with a league of much smaller numbers. Hard luck 4th went to the Commissioner at Makefield as he finished just 2 strokes off the pace. Several matches were played at the Classic as well leaving a few brackets up in the air. We continue to have several matches we need to get in by the Open so keep focusing on match play scheduling. Although looking at the tee sheet for this week perhaps I should be imploring you just to play!!! We had yet another no show this week as Swanny did not make it to his appointed tee time and suffers the 1 point deduction. I have no idea what the story was but as they say in a great feature of the previous weeks low lights on ESPN Monday night football... C'mon Man!!!!

Ok so on to last week. Now to Mullet's point, maybe it was more a hard course than poor play, but seriously guys WTF. A net 75 winning an event at any venue leaves alot to be desired and the guys who didn't get out kicking themselves. This could be the worst performance of the tour in a non October week ever. Sorry but I don't have time to confirm that so we may just have to go with it. The guys happy that no one was able to beat them (or perhaps that no one else came out) were Mullet and The Skipper who shot 89 net 75 and 100 net 75 respectively. Third place went to our newest full member, Rookie Wilks who shot 96 net 76. This narrowed the gap between Mullet and Eduardo to 10 points as Herr Mullet moved into 2nd place this week. It could be an interesting stretch battle if Mullet starts playing 2 or 3 times a week again... We'll keep watching. Horrible mention last week goes to rookie Bruni whose 119 netted him a cool 89. That's what Mullet shot gross... I love the symmetry. Bruni however may feel otherwise. Good luck next week rookie!

I am highly confident you will all have no trouble living by Dos Equis' mantra this weekend, so "Stay Thirsty My Friends"
