

## Week 25 – Results for the Combined Masters and MV Classic Events

---

GoTT,

In what turned out to be a glorious weekend and a tremendous event for the tour, The Masters weekend saw some very strange and most interesting results. I can't remember the last time a guy wasn't in the clubhouse when it was determined that he had won a Masters title, but our winner didn't think he'd played well enough to win the 54 hole 2 day event and as a result was in no mood apparently to wait for the rest of the block as we all made our way to the clubhouse after what was for most a difficult day on the course. Now I am going to blame the high grass in the rough at all three courses for the generally poor play, but its tough to say if that should be the real culprit. Scoring at the masters was the worst I think we've ever seen. More on that at the AGM. Now on to our very unassuming winner. Roddy (formerly Rich McD), this just in, you won the Masters. You have just joined a small group of players who can say they are YGS Major Championship winners, and they can't take that away from you. Roddy was the most consistent golfer this week posting a 7 over par net total of 220 over the three rounds. Rich went 4 over at Cranbury, Even at the Meadows and Three over at Mountain View. Other guys shot better rounds but he went the distance. Fantastic job Roddy, welcome to the club. The frustrated guys behind him were Little Buddy (3 strokes back) and Mullet (4 strokes back) whose 7 at the 17th at Mountain View ruined what was a fabulous charge on the back 9. Thanks to all the guys who participated and especially to Mullet for hosting a proper Mid event Back Yard party at his place. The Honey Jack wasn't too bad either!

Now on to the Classic event at Mountain View. I must say with the rough as high as it was I could not believe anyone would get into the mid to low 60s in the Classic, but Dave McC has done it again. If he could get his wife to take the shackles off a bit he might be making a run at the OOM leaders as he has played some great, if not infrequent golf this year. Dave shot a 95 net 66 for a huge 5 stroke victory over a large (and largely hung over) field on Saturday. It is his 3rd victory of the season, among the leaders in that category. He left a huge wake behind him as the second place finisher CFD shot a solid if uneventful 89 net 71. Of note though was 3rd place. With 4 guys finishing within 3 strokes of CFD it was a dogfight for those bonus points, but it was the OOM defending Champion Little Buddy who snagged them shooting 94 net 72, narrowly clearing the 73s of MG and Matt D to close the gap on OOM leader Eddie to just 4 points with just 6 events remaining. Is it any wonder Eddie is trying to get out on Sunday after a big Saturday night in Spring Lake??? Things are getting interesting.

I invite other members to share their lasting memories of the Masters, but I'll offer up 2 here today. I laughed my @\$ off as POB and I watched from the green as the Craino lined up a 140 yard shot from the 10th fairway at Cranbury with his cart mate Wilks parked right next to him. Mike was having a tough day and it got a bit tougher as his shot went 90 degrees dead right into the cart nearly giving Wilks a heart attack. Wilks was Ok and we got a good laugh waiting for the boys to make their way up the 10th fairway, but on a day like that, stay behind baby, stay behind. Mike of course gave us even more reason to fall over on the 18th when he walked up to his ball in the right had greenside bunker and promptly smashed it over the clubhouse onto (we think) the practice green on the other side. the group on 16 got a good laugh too as we realized out yells of FORE would likely be wasted on the boys waiting to tee off.

And then there is The Sheriff. It's not often that one of our members joins the elite club that Jimmy entered this week at the Mountain View Classic, but he did spend an awful lot of time at

the Honey Jack Bar at Tommy's the night before. Jimmy started feeling it about the 5th or 6th hole on Saturday and things were getting worse as he was finishing out on the 6th, where after holing out he tore off greenside to join the exclusive Greenside Booters Club. Now the last member was team GBI's Daniel Curwen who after booting promptly went out and helped his partner win a point at the Piri Piri Cup. Jimmy felt better, and did manage to finish, but no such heroics came from Jimmy as he finished in the bottom half of the draw. Although as CFD pointed out. Joining that club is one way to make sure you make the write up... As ever!

So there it is. A crazy masters and a very tight OOM. What could be better. Good luck to all playing in the rain this week and keep your fingers crossed that Cicero can have his Wedding Ceremony on the Beach... not looking good for our hero!

To the tour!
