

Week 4 – Tamarack (West)

Gents,

Quick one this week as I am buried at work. Your summary is as follows: Our winner this week was Pee-tah with a 93 net 68... second place went to the Newmanator with a 100 net 71, and third went to Los with an 85 net 72.

Now Rainman went insanely low this week shooting our second gross round under 80 of the season with a 79 net 66. If that isn't incentive to get 5 rounds in and request full membership I don't know what is. Some of the rooks are close so look for a few of these guys to "turn pro" shortly...

All players who were shut out of playing on Saturday due to the course closure were awarded a show point per the rulebook. If anyone else has had an off course show at any point this year please let me know as I have not seen more than one request for one thus far.

OOM Leaders are keeping their distance from the majority of players. XLP continues to lead with 11 points but he now has 2 men right on his tail in The Skipper and Newmanator with 10 points each, however only 4 other players are within 4 points of them right now.

Keep getting out there boys.
